

European Climate Platform (ECP)

An Initiative by Mistra's Climate Policy
Research Programme (Clipore) and the
Centre for European Policy Studies
(CEPS)

Side event at the UNFCCC COP/MOP, Bali, Indonesia Is the global technology agenda for climate change on track?

Agenda

Venue: Solar

Friday, 07 December 2007, 13:15-14:45

The meeting will explore the potential to incorporate action-based approaches such as the one of the G8+5 or APP to the UNFCCC to advance both technology diffusion and development. The meeting will coincide with the launch of the latest ECP report, which explores possible avenues to give more weight to technology in the future framework.

Food will be served prior to the event.
