**External studies for international organisations**
37. European Commission - 15 January 2010
   “Tying and other potentially unfair commercial practice in financial services”
   Study presented by the European Commission in the consultation process on selling practices in financial services available at http://ec.europa.eu/internal_market/consultations/docs/2010/tying/report_en.pdf. Author of the section on ‘An economic approach to tying and other potentially unfair commercial practices’. He developed –under the coordinator’s supervision– the antitrust-consumer policy test proposed in the study and he proposed definitions for potentially unfair practices in financial services that have not been defined yet by European legislation.
38. European Commission – 28 June 2012
   Coordinator of the CEPS capital markets team that drafted the economic impact assessment of the Takeover Bids Directive for the European Commission. Marccus Partners (Mazars) run the legal study. The study, attached to an official communication of the Commission on the revision of the Directive, is available at http://ec.europa.eu/internal_market/company/docs/takeoverbids/study/study_en.pdf
39. European Parliament (ECON Committee) – June 2012
   “External Representation of the Euro Area”
On the options for improving the external representation of the euro area in international institutions. The study is available at http://www.europarl.europa.eu/committees/fr/studiesdownload.html?languageDocument=EN&file=74071

40. Qatar Central Bank and Qatar Financial Markets Authority – March 2013
A Strategic Plan for the Qatar Financial Markets Authority. Laying the path for a modern and harmonised financial framework in Qatar. Drafting of the plan for reforms in financial that would allow the country to match internationally recognised standards in light of QFMA candidacy to IOSCO membership. The plan is not publicly available.

42. European Commission – October 2013
"Fitness checks of costs of regulations for steel and aluminium industries in the EU”

44. European Commission – June 2015 (forthcoming)
“Study on exemptions for third-country central banks and other entities under the Market Abuse Regulation and the Markets in Financial Instruments Regulation”
Coordinator and co-author of this project/study that surveyed over a dozen key central banks and debt management offices around the world (including the USA, China, Japan, Brazil and others) within the framework of the MiFIR and MAR. The study, attached to delegated legislative acts of the Commission will be sent to the European Parliament as evidence of the decision about the exemption (or not) from market abuse (MAR) or market transparency (MiFIR) rules. It will be soon available on the website of the European Commission.

Other publications
Contribution to the yearly publication that collects relevant data on the dynamics of various segments of the European capital markets, complete with graphical representations and explanatory commentary.
