Big Data and B2B platforms: the next big opportunity for Europe

Explore the feasibility of, pilot, promote and stimulate strategic investment in high-impact healthcare related projects

THIRD WORKSHOP

Monday 22 June 2020, 09:00 – 12:45

The Executive Agency for Small and Medium-sized Enterprises (EASME) is conducting **the study “Big Data and B2B platforms: the next big opportunity for Europe”** with the objective to analyse how to accelerate the growth of the data-based economy and to support the development of B2B platforms in Europe focusing on two sectors: automotive and healthcare.

Under this study two Pilots are being developed, one for each sector being analysed (automotive and healthcare). The healthcare sector’s Pilot, **Piloting a high-quality, diabetes-related data repository by using the latest technologies and big data breakthroughs**, will demonstrate an architecture for fair and equal sharing of health data from different sources and different regions.

Four workshops are planned during the execution of the Pilot, one for each phase. **This third workshop, adapted into an online meeting due to the COVID-19 pandemic**, will be focused on the **Implementation and Rollout phase** of the pilot and will cover aspects related to the market deficiencies and regulatory barriers affecting the creation of an EU-wide B2B health data marketplaces and unified diabetes-related datasets and, in turn, the provision of data-based health services. The following will be covered:

- A presentation of the current status of the infrastructure of the data sharing including the progress on the use cases that will be executed to test the environment.
- A demonstration of the portal on Health databases and information on relevant Applications and Initiatives.
- A summary of the results of the Market Analysis on T2D databases, being executed to discuss data driven solutions for T2D and the potential of European B2B platforms and unified European diabetes-related data sets.

Hereunder is the detailed **Agenda for the online workshop**.

Big Data and B2B platforms: the next big opportunity for Europe

Explore the feasibility of, pilot, promote and stimulate strategic investments in
high-impact healthcare related projects

THIRD WORKSHOP

Online meeting – 22 June 2020 - 09:00 – 12:45

9:00	9:05	5 min	Welcome General information about the workshop	Wavestone
09:05	09:10	5 min	Goal setting Recap on the objectives and aims of this study under WP2 "Explore the feasibility of, pilot, promote and stimulate strategic investment in high-impact healthcare related projects"	TNO
09:10	09:25	15 min	Progress Update of the Pilot on high-quality, diabetes-related data repository by using the latest technologies and big data breakthroughs The status of the infrastructure development and the use cases will be presented	TNO
9:25	9:50	25 min	Demonstration of the Information and Data portal Pros and cons of the platform will be discussed with the participants. This will include a live demonstration followed by a discussion with the participants in a plenary setting. This session includes: <ul style="list-style-type: none"> - Live demo of the search functionality and selection of database preferences and features; - Live sub-typing example of T2D patients with visualizations; - Demonstration of data extraction with hypothetical business use case application 	TNO
9:50	10:25	35 min	Break-outs: sessions on specific questions on the usability of the portal Based on specific questions (<i>Mentimeter online tool</i>)	TNO
10:25	10:40	15 min	Break - Bring your own tea/coffee	
10:40	11:10	30 min	Invited speaker <ul style="list-style-type: none"> - Presentation of the context and environment in which Finndata operates - Presentation of the market opportunities for health data - Example of commercial use of data 	Saara Malkamäki, SITRA
11.10	11.40	30 min	Break-outs: Discussion on future solutions for data reuse (centralized/decentralized) Based on specific questions (<i>Mentimeter online tool</i>)	TNO
11:40	11:55	15 min	Break - Bring your own tea/coffee	
11.55	12.05	10 min	Summary of the feedback on portal & explanation of further feedback	TNO
12:05	12:20	15 min	Summary on the Market Analysis	TNO
12:20	12:40	20 min	Break-outs: Opportunities for Commercialisation Based on specific questions (<i>Mentimeter online tool</i>)	TNO
12:40	12:45	5 min	Thank you for the participation Satisfaction survey will be sent via email to be filled in.	All
