

European Commission Vice President Margrethe Vestager presents the new package on Data and Artificial Intelligence

On February 19, the European Commission will adopt a comprehensive package on digital policy, including a new data strategy and a White Paper on Artificial Intelligence. Executive Vice President Margrethe Vestager will visit CEPS on the same day to present the main content on how Europe makes the most of the potential of the digital age, and outline the Commission's ideas for managing such data-rich hot-button issues as artificial intelligence, facial recognition, and data spaces.

Date: February 19, 2020

Time: 16:00-17:15

Keynote Speaker

Margrethe Vestager

European Commission Executive Vice President for a Europe Fit for the Digital Age

Moderator

Andrea Renda

CEPS Senior Research Fellow
