The 2022 ECMI Statistical Package offers up-to-date information on the state of European and global capital markets in the aftermath of the financial crisis. Its content is divided into six main sections: equity, debt securities, exchange-traded derivatives, over-the-counter derivatives, asset management and global comparative data.

#### Most valuable features of the ECMI Statistical Package

- The package presents the most relevant data on European and global capital markets.
- It enables users to trace trends so as to highlight the ongoing transformation of capital markets, including the structural changes brought about by competitive forces, innovation and regulation.
- It represents an important step towards overcoming the data fragmentation on the evolution of European capital markets by offering a ‘one-stop-shop’ for market participants, regulators, academics and students.
- Each table is associated to a figure, giving a visual overview of the most important trends.
- A user-friendly navigation is embedded in the program allowing users to explore the comprehensive package in an easy yet purposeful manner.

#### Coverage

- Data for over 40 stock exchanges
- Data for 40 countries
- Time frame of 30 years of capital markets transactions (1992-2021)
- Data are rendered in over 150 tables and 120 figures

## European Capital Markets Institute

ECMI conducts in-depth research aimed at informing the debate and policymaking process on a broad range of issues related to capital markets. Through its various activities, ECMI facilitates interaction among market participants, policymakers, supervisors and academics. These exchanges result in commentaries, policy briefs, working papers, task forces as well as conferences, workshops and seminars. In addition, ECMI undertakes studies externally commissioned by the EU institutions and other organisations, and publishes contributions from high-profile guest authors.

## Centre for European Policy Studies

CEPS is widely recognised as one of the most experienced and authoritative think tanks operating in the EU. CEPS acts as a leading forum for debate on EU affairs, distinguished by its strong in-house research capacity and complemented by an extensive network of partner institutes throughout the world. As an organisation, CEPS is committed to carrying out state-of-the-art policy research leading to innovative solutions to the challenges facing Europe and to maintaining the highest standards of academic excellence and unqualified independence. It also provides a forum for discussion among all stakeholders in the European policy process that is supported by a regular flow of publications offering policy analysis and recommendations.
